SUBPOENA OWNER;

Court Will Question Mrs. Cohen  
Who Trapped Tenants in Her Apartment House.

A subpoena was issued to Morris Katz in Brooklyn this morning, commanding the appearance of Mrs. Anna Cohen in court Friday next. Mrs. Cohen is the owner of an apartment house at No. 673 Nostrand Avenue, from which she has been evicting tenants the last three days. On Saturday, while the owner stood by, the said evicted tenant, George Alphonse Soules, twenty-one years old, former service man, confessed that he had killed Robinson, clerk of the Parker Hotel here, to get possession of Robinson's automobile.

Those who were here could swear in and those in could not swear. The Building Department immediately built a temporary bridge of stones this morning. George Alphonse Soules, who lives in the house, appeared before Magistrate W. H. He said his mother, a widow, had returned to the house to find a gaping hole in the ceiling where the roof had given and no stairs for seven rods to the first landing. Had she returned later in the afternoon it would have fallen into the street.

It became increasingly evident today that the Fisk Butcher Company will shortly do some new financing. The company will probably raise \$16,000,000 within the next month, through the sale of a new issue of securities which stockholders will be asked to create at a special meeting to be held on Aug. 9. It was officially stated to-day that through inventory readjustments \$8,500,000 has been deducted from surplus so that the balance sheet now shows a deficit instead of a surplus. At their special meeting stockholders will also be asked to authorize a change in the par value of the common stock from \$25 to no par.

President James M. Dixon of the Tobacco Products Company in a letter to stockholders says in part: "In the first six months of 1921 our turnover in value and volume of sales both show a substantial increase over the preceding six months. Our net profits have increased over 30 per cent, and the company has earned double the amount necessary to pay the dividend on the preferred stock for a full year."
